

Edward Lear's Dream

Activity 3- Make up your own Nonsense character

Split the class into groups of three.

Give each group a blank piece of paper.

In the following activity each person draws a different segment of character without revealing it to the rest of the group ie. head, body and legs.

Person 1 - Draw the head of your character

Fold and give to person 2

Person 2 - Draw the body

Fold and give to person 3

Person 3 can then finish the character by drawing the legs or tale for a fish type character etc.

Once the character is finished, have fun revealing the whole drawing to each other.

The children can then create a funny name for their nonsense character.
